

A message from Mrs French

It is hard to believe that we are now in October. School routines are firmly in place and the children are producing some excellent outcomes and learning within their topics. Our Year 1 and Year 2 children have particularly enjoyed making use of our new online platform Seesaw which enables the children to capture their learning in different ways and share things with their teachers that they complete at home. I hope you have all managed to engage with the Seesaw app; if you are experiencing difficulties logging on, please contact your class teacher.

We are delighted with our new sensory garden area. This has been planted up with herbs and plants to add colour, shape and texture. We are hopeful that bees and other insects will be attracted to this when the weather gets warmer again. Year 1 are going to be planting bulbs to add a splash of colour for the Spring.

Year 2 pick up:

Please could I ask that parents stand behind the pathway line that comes down from the junior school and not walk towards the classes. The teachers are finding it difficult to spot parents and it is important we ensure that classes are dismissed safely. Thank you for your support.

Notices and reminders:

Thank you for your cooperation at drop off and pick up times. These are running smoothly. Just to remind you that Year 1 and 2 to drop between 8.45 - 8.50 and reception 8.50 - 8.55. **Gates will close at 8.55 am**

Afternoon pick up - reception at 2.55, Year 1 and Year 2 at 3pm (Year 2 continue to pick up from the office)

Parking: Please could I ask for your cooperation in parking safely outside of school. I must ask that you refrain from parking on the zig zag yellow lines or on the pavements. We must ensure that our children and families are as safe as possible and such parking makes the area outside of school extremely hazardous. Thank you in advance for your cooperation.

Arbor: Please ensure you have fully reviewed and updated your child's contact information, permissions and medical information via the Arbor app. It is very important that we hold the correct information for your child.

I am developing CURIOSITY

When I am curious I...

- Use all of my senses: look, listen, touch, taste, smell
- Ask questions
- Try to find out more about something or someone
- Set out to discover new things
- Am willing to move beyond my 'comfort zone'
